THE TALMUD UNMASKED

At a time when so many efforts are being made on the part of Catholics and Protestants, to study Judaism and the Jewish culture, to associate with this anti-Christ way of life in acts of divine worship, and to teach it to students and professors in our schools, it behooves us also in this paper to study the sources of Jewish culture and life and outlook. The program of Judaizing in our schools and in the homes is coasting along without opposition or criticism by our Bishops or Superintendents of Schools. On the contrary, it is encouraged by them and commanded. If I am to voice a valid criticism of this program, I shall be labelled forthwith as a venomous anti-Semite. But if the Talmud is quoted for the benefit of our readers who love Christ and His Church and His Mother, and the Talmud proves to be venomously anti-Christ, then where is the anti-Semitism? Is it in this writer or is it in the Talmud? If the Talmud refers to Jesus as a bastard and to His Mother, as a prostitute, what do you expect me to see? I see red! The Talmud is the basic cause, the blatant cause of all that is anti-Jewish, or as the Anti-Defamation League erroneously prefers to call it, anti-Semitism. It must be remembered that the Assyrians, the Chaldeans and the Arabs are also pure Semites, while many of the Jews today are not semitic in race at all, but descendants of the Khazars, an Asiatic Mongolian nation, converted to Talmudism or Judaism; yet they would have you believe that you are an anti-Semite. How is it when we call the Jews the anti-Christ people on the basis of their own Talmud we are instantly tagged as being anti-Semites, while they can publish the blasphemous "PASSOVER PLOT" and be referred to as scholars and careful documenters? This writer is convinced that the Vatican Council II Declaration on Semitism cannot be put into practice. By the Tradition of the Church it is entirely out of order. Among other things, there are not too many Semites who profess Judaism. Rather than being a Declaration on Semitism it should have been named a Declaration on Judaism. Here the issues have been terribly confused by a Pastoral Council, for Judaism MUST be rejected by Christianity.

The Talmud Unmasked

The Reverend Father I. B. Pranaitis, Master of Theology and Professor of the Hebrew Language at the Imperial Ecclesiastical Academy of the Roman Catholic Church in old St. Petersburg, published a book in 1892 called, THE TALMUD UNMASKED. For his work in exposing the Talmud, Father Pranaitis had to pay with his life. He wrote in the epilogue: "I realize, however, that, since the truth does not please everyone, there are many who will become my enemies for thus having borne witness to the truth. And I have been reminded of this, both by the laws of the Talmud itself which threatens death to 'traitors,' and more so, by the warnings of those who have had experience of the actions which Jews take against those who make known things which are not favorable to them. They all foretold that I would perish at the hands of the Jews." Father Pranaitis met his death at the hands of the Bolsheviks during the revolution.

The Name

TALMUD is derived from LAMUD, meaning taught or the teaching. The Talmud is the source of Jewish culture for it is "the doctrinal book which alone fully expounds and explains all the knowledge and teaching of the Jewish people." The Jews regard the Talmud as holy, even more important than the Sacred Scripture. "Those who devote themselves to the reading of the Bible exercise a certain virtue, but not very much; those who study the Mishnah exercise virtue for which

This is really Talmudism in action. Above is National Chairman of the Anti-Defamation League of B'nai B'rith presenting the league's democratic legacy awards to representatives of three foundations: FORD FOUNDATION, ROCKEFELLER FOUNDATION and CARNEGIE FOUNDATION. These tax exempt foundations are nothing but puppets of the Anti-Defamation League.

ANTI-JUDAISM

Anti-Judaism is neither hatred of Jews nor persecution of Jews.

Anti-Judaism is the self-defense of the individual and the nations.

WHAT FASCISM REALLY WAS

Americans have learned of Fascism almost entirely from Jewish writers, since the Jews control the printed word in this country today. Since Fascism severely injured the interests of the Jews, Jewish writing on this subject is, to say the least, highly colored with partisanship. It does not qualify as objective or truthful historical writing. We do not intend to make a plea for a "Return" of Fascism. It is our experience that the world hardly ever "Returns" to something which has existed in the past. The desire to "go back" to something in the past is hardly ever an effective lever of political action. Our purpose here is simply to set the record straight about what Fascism really was; in other words, to penetrate the smoke screen of highly colored and highly partisan Jewish propaganda on the subject.

The coming of the Fascist and Nazi regimes in Europe marked the end of a long period of "Jewish Supremacy" in Europe. The last repercussions of this downfall of the European Jews have yet to be felt. The Jewish power structure is still being subjected to severe strains and stresses. The Jewish fear and hatred of Fascism is pathological. Yet the Jewish attitudes are irrational. They are still fighting something which adversely affected them in the past; they are, so to speak, "backing into the future" blindly. The Jews hate Hitler, but they have never understood Hitler. The late George Lincoln Rockwell admired Hitler, but he never understood Hitler either. There have been "American Fascist" parties; but real Fascism has never existed in America. The Anti-Defamation League is always trying to associate COMMON SENSE with "American Fascists." We have never had anything to do with any American Fascists. We see no need for foreign labels in America. Huey Long came nearer than any other American to understanding what Fascism was really about. Long once said, "The way to have Fascism in America is to say that you are trying to prevent Fascism." Long did not wear any Silver Shirts or Swastica emblems; he wore $300 American-style suits. He spoke "American" and never used any foreign slogans or catch words. In 1936, such an astute politician as Jim Farley said that Long could have beaten Roosevelt in the Presidential election of that year. Anybody who could have beaten FDR in that year was a political whizz kid, and deserved to go to the head of the class. Long didn't need to read any books on IMPERIUM; he WAS Imperium on the hoof. Long knew one of the real essentials of Fascism, namely, a good rapport with the masses. He was the last prominent Goy politician in this country to realize the importance of such a thing. Long knew how to establish an organic rapport with the people; all
